

# Wines Of The New World

7X52'  
FV/EV

## 2016-USA

### California, Napa Valley

Napa Valley, in the North of San Francisco, is the primary wine-growing region of America, and yet it is only 1/8th of the size of the region of Bordeaux...

### California: Santa Barbara et Sonoma Valley

Sonoma Valley, considered to be part of California Province, lies in the North of San Francisco, and parallel to Napa Valley...

## 2016-Chile

Chile ranks tenth amongst wine producing countries on the world market. Grape vines were introduced to Chile by the Spanish conquistadores in the 16th Century...

## 2016-Argentina

Argentina ranks fifth amongst the wine producing countries on the world market...

## 2016-Australia

Australia currently ranks sixth in the world amongst the producers of new world wines, and fourth in terms of world wine exports...

## 2016-New-Zealand

The wines of New-Zealand have themselves a strong international reputation over the last twenty years, an impressive feat for a small country of only four million inhabitants...

## 2016-South Africa

South Africa is ranked eighth amongst wine producing countries on the world market...
